

NYSDOH COVID-19 In-Person Decision Making Flowchart for Student Attendance

Can My Child Go To School Today?

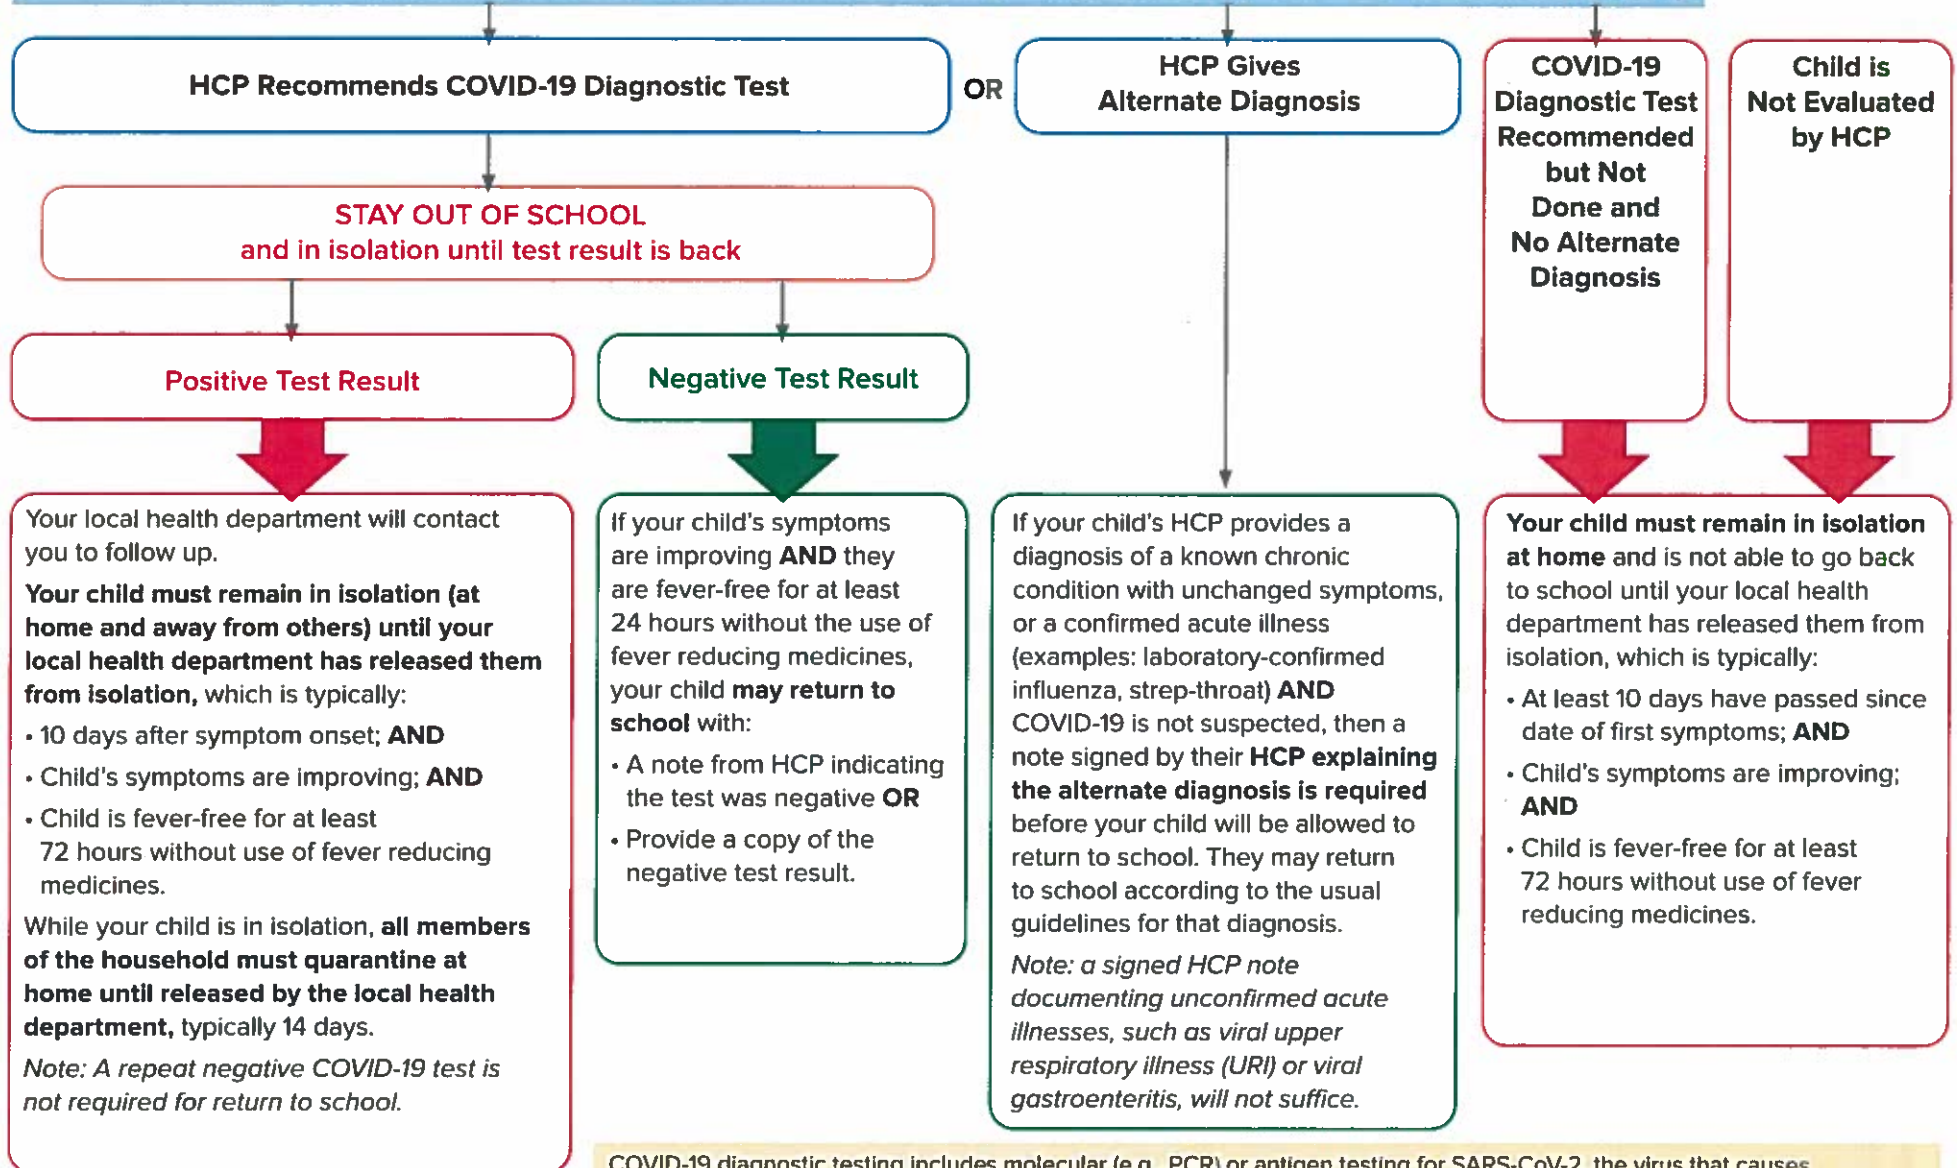

Report absences, symptoms, and positive COVID-19 test results to your child's school.

SEEK IMMEDIATE MEDICAL CARE IF YOUR CHILD HAS:

- Trouble breathing or is breathing very quickly
- Prolonged fever
- Is too sick to drink fluids
- Severe abdominal pain, diarrhea or vomiting
- Change in skin color - becoming pale, patchy and/or blue
- Racing heart or chest pain
- Decreased urine output
- Lethargy, irritability, or confusion

My child has COVID-19 symptoms. When can they go back to school?

HEALTHCARE PROVIDER (HCP) EVALUATION FOR COVID-19 (can be in-person or by video/telephone as determined by HCP)

COVID-19 diagnostic testing includes molecular (e.g., PCR) or antigen testing for SARS-CoV-2, the virus that causes COVID-19. Diagnostic testing may be performed with a nasopharyngeal swab, nasal swab, or saliva sample, as ordered by the health care provider and per laboratory specifications. At times, a negative antigen test will need to be followed up with a confirmatory molecular test. Serology (antibody testing) cannot be used to rule in or out acute COVID-19.
